By order entered March 12, 1985, the Commission granted the application of Omaha Cellular Limited Partnership, Centel Cellular Co., General Partner, Omaha, Nebraska to provide cellular radio telecommunications service in Omaha, Nebraska.

Paragraph 6 of the Opinion and Findings contains an error in that it requires resellers of applicant's service to obtain certification from this Commission. The Federal Communications Commission has pre-empted certification authority for cellular radio telecommunication service. The second sentence of the paragraph should be corrected to read "Any resellers who may desire to resell such services shall take appropriate action to obtain any necessary tariff approval from this Commission."
