OPINION AND FINDING

BY THE COMMISSION:

By its application filed January 30, 1985, the General Telephone Company of the Midwest, Columbus, Nebraska, seeks to establish rates for customer-provided semi-public telephone service.

Notice of the filing of the application was published pursuant to the Commission's Rules and Regulations. A protest to the application was filed by AT&T Communications of the Midwest and a public hearing was scheduled on the application. The protest was withdrawn and the application processed under the Commission's modified procedure.

Attached to the application and incorporated herein by reference are the following proposed tariff pages:

Applicant proposes to revise its tariff relating to semi-public telephone service to provide for customer provided semi-public telephones. The tariff provisions proposed conform to the Commission's Rules and Regulations regarding customer owned semi-public telephones.

Applicant has proposed a rate of \$59.50 per month for customer provided semi-public telephone service which is intended to recover the existing revenue from semi-public service plus a contribution to general overhead. Applicant's existing revenue is however based upon a proposed 25¢ coin phone rate rather than the 20¢ rate which is now in effect. Applicant's proposed \$59.50 rate should therefore be reduced to \$55.00.

Application No. C-571
