OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened August 7, 1990, the Commission on its own motion seeks to determine the boundary between the Craig exchange of the Northeast Nebraska Telephone Company and the Lyons exchange of US West.

Both the Northeast Nebraska Telephone Company and US West were notified of this docket and directed to propose a revised boundary which will eliminate the duplicate service area.

Both telephone companies have agreed that the area in question should be included in the Craig exchange of the Northeast Nebraska Telephone Company and one customer, Leonard Veeder, should be allowed to continue to receive telephone service from the Lyons exchange. If the customer moves or sells the property or business or the existing service is disconnected for any other reason then new service must be provided solely by the company in whose exchange area the customer is located, the only exception being that service may be transferred to another family member who is a member of the household at that time.

Mr. Veeder was notified of this proposal by certified mail on March 14, 1991, and given 30 days in which to request a public hearing. No response has been received.

Upon consideration of the docket and being fully advised, the Commission is of the opinion and finds that a boundary has been agreed upon by all parties which will eliminate the duplicate service area in question between the Craig and Lyons exchanges. Both telephone companies should be ordered to file revised service area maps showing the area in question and that Leonard Veeder be grandfathered to receive service from the Lyons exchange.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that a boundary be determined in docket No. C-815 which will eliminate the duplicate service area in question between the Craig and Lyons exchanges.

SECRETARY'S RECORD, NEBRASKA PUBLIC SERVICE COMMISSION

IT IS FURTHER ORDERED that revised service area maps be filed by the Northeast Nebraska Telephone Company and US West showing the area in question with notes on the maps indicating that service to Leonard Veeder is grandfathered from the Lyons exchange of US West.

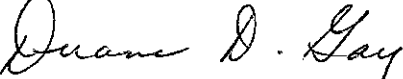

MADE AND ENTERED at Lincoln, Nebraska this 16th day of April, 1991.
