OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened August 7, 1990, the Commission on its own motion seeks to determine the boundary between the Brownlee exchange of Consolidated Telephone Company and the Valentine exchange of US West.

The purpose of this docket is to eliminate a duplicate service area between the Brownlee and Valentine exchanges. Both telephone companies were notified of the docket and requested to suggest boundary revisions.

Consolidated Telephone Company has responded by letter dated November 5, 1990, that the area is no longer a duplicate service area. The customer who had Brownlee service has discontinued such service and there is no longer anyone in the area served by the Brownlee exchange.

Upon consideration of the matter and being fully advised, the Commission is of the opinion and finds that the docket should be dismissed and Consolidated Telephone Company and US West should be required to file appropriate service area maps reflecting that the area of concern in this docket should be included within the service area of the Valentine exchange of US West.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-821 be and it is hereby dismissed.

IT IS FURTHER ORDERED that Consolidated Telephone Company and US West shall file with the Commission appropriate service area maps reflecting that the area of concern in this docket be included within the service area of the Valentine exchange of US West.
