OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened August 7, 1990, the Commission on its own motion seeks to determine the boundary between the Kenesaw exchange of the Lincoln Telephone Company and the Shelton exchange of the Nebraska Central Telephone Company.

Both the Lincoln Telephone Company and the Nebraska Central Telephone Company were notified of this docket and directed to propose a revised boundary which will eliminate the duplicate service area.

Both telephone companies have agreed that the area in question should be included in the Shelton exchange of the Nebraska Central Telephone Company. There are no customers served by the Lincoln Telephone Company in this area.

Upon consideration of the docket and being fully advised, the Commission is of the opinion and finds that a boundary has been agreed upon by all parties which will eliminate the duplicate service area in question between the Kenesaw and Shelton exchanges. Both telephone companies should be ordered to file revised service area maps showing the area in question to be in the Shelton exchange.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that a boundary be determined in docket No. C-837 which will eliminate the duplicate service area in question between the Kenesaw and Shelton exchanges.

IT IS FURTHER ORDERED that revised service area maps be filed by Lincoln Telephone Company and the Nebraska Central Telephone Company showing the area in question to be in the Shelton exchange.
