on its own motion to determine the)
boundary between the Orleans) BOUNDARY DETERMINED
exchange of GTE North, Inc. and)
the Oxford exchange of US West.) Entered: March 12, 1991

OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened August 7, 1990, the Commission on its own motion seeks to determine the boundary between the Orleans exchange of GTE North, Inc. and the Oxford exchange of US West.

The purpose of this docket is to eliminate a duplicate service area between the Orleans and Oxford exchanges. Both telephone companies were notified of the docket and requested to suggest boundary revisions.

Both telephone companies have suggested a boundary that will eliminate the duplicate service area and will not affect current service provided to any customer.

Upon consideration of the matter and being fully advised, the Commission is of the opinion and finds that a boundary be determined which will eliminate the duplicate service area and GTE North, Inc. and US West should be required to file appropriate service area maps.

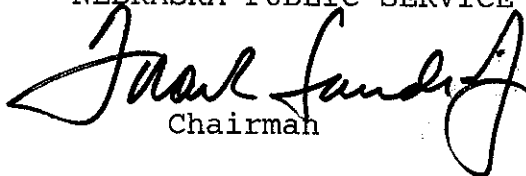

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that a boundary be and it is hereby determined in Application No. C-839.

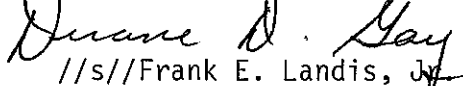

IT IS FURTHER ORDERED that GTE North, Inc. and US West shall file with the Commission appropriate service area maps.

MADE AND ENTERED at Lincoln, Nebraska this 12th day of March, 1991.
