and the Springfield exchange of US )  
West. ) Entered: May 14, 1991

OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened August 7, 1990, the Commission on its own motion seeks to determine the boundary between the Omaha exchange and the Springfield exchange of US West.

US West was notified of this docket and directed to propose a revised boundary which will eliminate the duplicate service area.

The company has agreed that the area in question should be included in the Springfield exchange and two customers, Mr. Jeff Jones and Mr. Ronald Smith, should be allowed to continue to receive telephone service from the Omaha exchange. If the customer moves or sells the property or business or the existing service is disconnected for any other reason then new service must be provided solely by the Springfield exchange, the only exception being that service may be transferred to another family member who is a member of the household at that time.

Mr. Jones and Mr. Smith were notified of this proposal by certified mail on April 10, 1991, and given 30 days in which to request a public hearing. No response has been received.

Upon consideration of the docket and being fully advised, the Commission is of the opinion and finds that a boundary has been agreed upon by all parties which will eliminate the duplicate service area in question between the Omaha and Springfield exchanges. US West should be ordered to file revised service area maps showing the area in question to be in the Springfield exchange and that Jeff Jones and Ronald Smith be grandfathered to receive service from the Omaha exchange.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that a boundary be determined in docket No. C-846 which will eliminate the duplicate service area in question between the Omaha and Springfield exchanges.

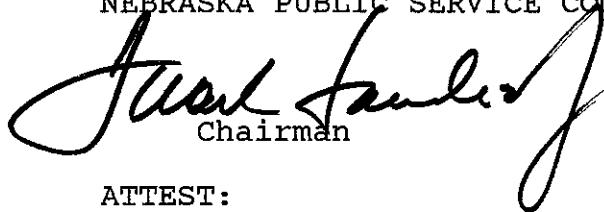

IT IS FURTHER ORDERED that revised service area maps be filed by US West showing the area in question to be in the Springfield exchange with a note on the maps indicating that service to Jeff Jones and Ronald Smith is grandfathered from the Omaha exchange.
