OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened August 7, 1990, the Commission on its own motion seeks to determine the boundary between the Bradshaw exchange of The Lincoln Telephone and Telegraph Company and the Henderson exchange of the Henderson Cooperative Telephone Company.

Both The Lincoln Telephone and Telegraph Company and the Henderson Cooperative Telephone Company were notified of this docket and directed to propose a revised boundary which will eliminate the duplicate service area.

A public hearing was scheduled on this docket for a date to be later determined.

Both telephone companies have now agreed that part of the area in question should be included in the Bradshaw exchange of The Lincoln Telephone and Telegraph Company and one customer, Mr. Delwayne Friesen, should be allowed to continue to receive telephone service from the Henderson exchange. If the customer moves or sells the property or business or the existing service is disconnected for any other reason then new service must be provided solely by The Lincoln Telephone and Telegraph Company, the only exception being that service may be transferred to another family member who is a member of the household at that time.

Mr. Friesen was notified of this proposal by certified mail on March 12, 1991, and given 30 days in which to request a public hearing. No response has been received.

Upon consideration of the docket and being fully advised, the Commission is of the opinion and finds that a boundary has been agreed upon by all parties which will eliminate the duplicate service area in question between the Bradshaw and Henderson exchanges. Both telephone companies should be ordered to file revised service area maps showing part of the area in question to be in the Bradshaw exchange and that Mr. Delwayne Friesen be grandfathered to receive service from the Henderson exchange, and that the scheduled hearing be cancelled.

SECRETARY'S RECORD, NEBRASKA PUBLIC SERVICE COMMISSION

ORDER
