Company and the Osmond exchange of)
Eastern Nebraska Telephone Company.) Entered: June 11, 1991

OPINION AND FINDINGS

BY THE COMMISSION:

By docket opened April 19, 1991, the Commission on its own motion seeks to determine the boundary between the Plainview exchange of the Plainview Telephone Company and the Osmond exchange of Eastern Nebraska Telephone Company.

The purpose of this docket is to eliminate a duplicate service area between the Plainview and Osmond exchanges. Both telephone companies were notified of the docket and requested to suggest boundary revisions.

Both telephone companies have suggested a boundary that will eliminate the duplicate service area and will not affect current service provided to any customer.

Upon consideration of the matter and being fully advised, the Commission is of the opinion and finds that a boundary be determined which will eliminate the duplicate service area and the Plainview Telephone Company and Eastern Nebraska Telephone Company should be required to file appropriate service area maps.

ORDER

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that a boundary be and it is hereby determined in Application No. C-887.

IT IS FURTHER ORDERED that the Plainview Telephone Company and Eastern Nebraska Telephone Company shall file with the Commission appropriate service area maps.

MADE AND ENTERED at Lincoln, Nebraska this 11th day of June, 1991.
