PRELIMINARY MATTERS

Universal Network Services of Nebraska Inc., (Universal) of Newport Beach, California filed an application with the Commission on September 26, 1994. The company seeks authority to conduct business as an intrastate telecommunications common carrier offering resold intraLATA and interLATA long distance service. Universal's business address is noted above. Notice of the application appeared in the Omaha Daily Record, September 28, 1994. Universal appeared before the Commission for a video-conference hearing, chaired by Commissioner Landis, November 1, 1994 in the Commission Law Library, Lincoln, Nebraska.

BY THE COMMISSION

O P I N I O N   A N D   F I N D I N G S

Upon consideration of the application, the governing statutes and rules<sup>1</sup>, the evidence adduced at the hearing, and being fully informed, the Commission is of the opinion and finds:

Nebraska was divided into three Local Access Transport Areas ("LATAs") as a result of the terms of the Modification of

---

<sup>1</sup>Interexchange resellers applications are governed by Neb. Rev. Stats. 75-604 and 86-805 (1990 and 1987 Reissues, respectively) and Title 291 Neb. Admin. Regs. Ch. 5, Rule 003.12.

Application No. C-1113

PAGE TWO

Final Judgement (the "MEJ") issued in the AT&T divestiture case. United States v. American Telephone & Telegraph Co., 552 F.Supp. 131 (D.D.C. 1982), aff'd sub nom., California v. United States, 460 U.S. 1001 (1983) and United States v. American Telephone & Telegraph Co., 569 F.Supp. 990 (D.D.C. 1983) aff'd sub nom., California v. United States, 460 U.S. 1001 (1983).

While Neb. Rev. Stat. 75-604, by its language, refers to local exchange service, the Nebraska Supreme Court in Northwestern Bell Telephone v. Consolidated Telephone Co., 180 Neb. 268, 142 N.W.2d 324 (1966) held that long distance service is also subject to the provisions of the statute. This was recognized by the Legislature in LB 835 (LAWS 1986) because interexchange services (which include resellers) in Sec. 86-805 (part of LB 835) are referenced to in Sec. 75-604. For this reason, the Commission distinguishes between intraLATA and interLATA resale when deciding reseller applications.

Hank Miller, Vice-President for Universal, testified. He has been employed with the applicant for ten years. Mr. Miller testified, and the pleadings reflect, that the applicant seeks both intraLATA and interLATA authority. The filed application does not seek authority to provide AOS. We observe the Commission has consistently held an application for reseller authority does not include AOS unless specifically petitioned for in the application.<sup>2</sup>

Universal Network Services of Nebraska is a wholly owned subsidiary of Universal Network Services, Inc. The company was incorporated in Nevada. Expansion efforts are moving the company towards certification nationwide. The applicant does not intend to construct facilities in Nebraska at this time. Universal will offer a variety of services including 1+, 1-800 and travel cards on a statewide basis. Customers will be both residential and commercial subscribers.

Billing will be sent by magnetic tape from the underlying carrier to Universal for compilation. Printing and mailing is completed by First Image in Des Moines, Iowa. Customers are able to call Universal at an 800 number for assistance with their bills or general service questions.

---

<sup>2</sup>We note that a late-filed amendment to add AOS to the application is an inadequate solution; the previously published notice of the application would not accurately reflect the authority sought in the application.

Application No. C-1113

PAGE THREE

No formal complaints have been filed against the company or any of its officers, directors or shareholders. No state commission has denied a Universal application.

Financial information was provided to the Commission in the application, as well as in the form of a late-filed exhibit. The statements demonstrate the company will be able to provide quality telecommunications services and has adequate capital to finance its expansion efforts. Further, the company has forecasted to break-even in a relatively short time period in Nebraska.

The proposed tariff, which is part of the application, is in accordance with the Commission's Rules and Regulations. The tariff appears reasonable in light of the proposed service.

In conclusion, Mr. Miller testified that Universal will provide quality service to its customers. Furthermore, services will be offered at a competitive rate and will enhance the status of telecommunications in Nebraska.

Based on the testimony, the exhibits, and the proposed tariff, the applicant provided the requisite information, possesses adequate financial resources, and is technically competent to provide services. The application is fair and reasonable, is in the public interest, and should be granted.

## O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-1113 be, and it is hereby, granted and Universal Network Services of Nebraska, Inc., of Newport Beach, California is hereby authorized to operate as a resale carrier of intrastate interexchange interLATA and intraLATA telecommunications services within the state of Nebraska.

IT IS FURTHER ORDERED that the applicant shall file, in accordance with the applicable statutes, an annual report with this Commission consisting of (a) a copy of any report filed with the Federal Communications Commission, (b) the annual report to stockholders, and (c) for the State of Nebraska on a combined interstate-intrastate basis, the investment in telephone plant and equipment located within the state, accumulated depreciation thereon, operating revenues, operating expenses, and taxes.

IT IS FURTHER ORDERED that applicant file an updated tariff prior to offering service pursuant to the certificate granted in this order.

Application No. C-1113

PAGE FOUR

IT IS FINALLY ORDERED that this order be, and it is hereby made the Commission's official certificate of authority to furnish the service authorized herein as a common carrier.

MADE AND ENTERED at Lincoln, Nebraska this 20th day of December, 1994.
