Upon consideration of the application, the governing statutes and rules and being fully informed, the Commission is of the opinion and finds:

RCI Long Distance, Inc. was granted authority to provide intrastate interLATA and intraLATA interexchange telecommunications services in Nebraska pursuant to C-1066 on July 19, 1994. Since certification, no formal complaints have been filed against the company in Nebraska.

The company's current accounting practices, its Articles of Incorporation, by-laws and other significant aspects of internal corporate organization will remain the same. Further, the name change will not affect the company's operations, quality of service or rates. The new President of the company is Daniel Latham and Dale Gregory is now Chief Executive Officer. The name change is being made as Rochester Tel, RCI's former parent company, is currently operating as Frontier Corporation. Frontier Communications International, Inc. will be a wholly owned subsidiary of Frontier Corporation.

Based on the contents of the application and the exhibits, the application is reasonable, is in the public interest, and should be granted.
