Telecom, Inc.) Entered: August 14, 1995

PRELIMINARY MATTERS

On June 30, 1995, an application was filed by InVision Telecom, Inc. of Roswell, Georgia for authority to transfer the certificate previously issued to Communications Central, Inc., d/b/a InVision Telecom, Inc. to InVision Telecom, Inc. Notice of the application was published in the Omaha Daily Record on July 3, 1995. No protests were received; therefore, we will process this application pursuant to the Commission's Rule of Modified Procedure.

O P I N I O N A N D F I N D I N G S

Communications Central, Inc., (hereinafter referred to as CCI) was certified to operate as a resale carrier in Nebraska pursuant to C-1142. The company was given authorization to provide intraLATA and interLATA interexchange services within the state of Nebraska. No departmental or formal complaints have been filed against the company since its certification.

Since becoming certified in Nebraska, CCI has undergone a corporate re-organization and has consequently created InVision Telecom, Inc., a wholly-owned subsidiary of CCI. InVision Telecom was incorporated in Georgia on April 14, 1995, and will operate the intrastate telecommunications services in Nebraska pursuant to the authority granted in C-1142.

Therefore, this application seeks a transfer of operating authority previously granted to CCI to its newly formed subsidiary, InVision Telecom. Operations will remain virtually unchanged with this transfer and InVision will provide service under its own name, corporate structure and tariff.

The authority issued to CCI in Application C-1142 is therefore revoked, as the company will not offer telecommunications services in Nebraska.

Upon consideration of the application, the governing statutes and rules, and being fully informed, the Commission is of the opinion and finds the application fair, reasonable and in the public interest.

Application No. C-1208
