PRELIMINARY MATTERS

UStel, Inc. (hereinafter referred to as UStel) of Las Vegas, Nevada filed an application with the Commission on October 12, 1995. The company seeks authority to obtain a Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of Nebraska. The applicant's business address is noted above. Notice of the application appeared in the Omaha Daily Record, October 13, 1995. UStel appeared before the Commission for a video-conference hearing, chaired by Commissioner Rod Johnson, November 21, 1995 in the Commission Library, Lincoln, Nebraska.

BY THE COMMISSION

O P I N I O N   A N D   F I N D I N G S

Upon consideration of the application, the governing statutes and rules<sup>1</sup>, the evidence adduced at the November 21, 1995 hearing, and being fully informed, the Commission is of the opinion and finds:

---

<sup>1</sup>Interexchange reseller application are governed by Neb. Rev. Stats. 75-604 and 86-805 (Cum. Supp. 1994 and 1994 Reissue, respectively) and Title 291 Neb. Admin. Regs. Ch. 5, Rule 003.12.

Application No. C-1246

PAGE TWO

Nebraska was divided into three Local Access Transport Areas ("LATAs") as a result of the terms of the Modification of Final Judgement (the "MFJ") issued in the AT&T divestiture case. United States v. American Telephone & Telegraph Co., F.Supp. 131 (D.D.C. 1982), aff'd sub nom., California v. United States, 460 U.S. 1001 (1983) and United States v. American Telephone & Telegraph Co., 569 F.Supp. 990 (D.D.C. 1983) aff'd sub nom., California v. United States, 460 U.S. 1001 (1983).

While Neb. Rev. Stat. 75-604, by its language, refers to local exchange service, the Nebraska Supreme Court in Northwestern Bell Telephone v. Consolidated Telephone Co., 180 Neb. 268, 142 N.W.2d 324 (1966) held that long distance service is also subject to the provisions of the statute. This was recognized by the Legislature in LB 835 (LAWS 1986) because interexchange services (which include resellers) in Sec. 86-805 (part of LB 835) are referenced to in Sec. 75-604. For this reason, the Commission distinguishes between intraLATA and interLATA resale when deciding reseller applications.

Dominic Archdale, Director of Network Services, testified. Mr. Archdale stated, and the pleadings reflect, the applicant seeks both intraLATA and interLATA authority. The application does not seek authority to provide Alternate Operator Services (AOS). UStel is a publicly held company that incorporated in Minnesota in January, 1994.

The applicant has received authority to operate in roughly fifteen states. No formal complaints or other investigatory or enforcement proceedings involving the business operations of UStel, its officers, directors, shareholders or principals, have been initiated by a state commission. No state has denied UStel a certificate of authority.

UStel will use Wiltel as its underlying carrier. The company plans to periodically review the price and service performance of its underlying carrier and will make changes as required to provide quality, cost effective service to its customers.

UStel proposes to offer 1+, 800 services and travel card services. UStel's services are provided to both residential and business customers.

Financial information was provided to the Commission in the application. The statements reflect the company is adequately financed and is capable of offering service within the state.
