PRELIMINARY MATTERS

On November 11, 1995, The Blair Telephone Company, of Blair, Nebraska filed an application to revise the boundary between its Fort Calhoun exchange to include Kameo Estates Development, Section 34, Township 17, North Range 12 East of the 6th P.M. in Washington, County. The area is presently served by US West Communications. Notice of the application was published in the Omaha Daily Record on November 10, 1995 pursuant to the Commission's Rules and Regulations.

BY THE COMMISSION

O P I N I O N A N D F I N D I N G S

The Blair Telephone Company and US West Communications are local exchange carriers operating in Nebraska and are subject to the Commission's general regulation of common carriers. This application is governed specifically by Neb. Rev. Stats. 75-604 to 75-616 (1994 Reissue). These statutes establish that if the telephone company or companies affected by the proposed boundary exchange do not object to the application, the application may be processed by modified procedure. In this case, no protests were received; therefore, the Commission will proceed pursuant to its Rule of Modified Procedure.

Attached hereto as Exhibit B is a boundary map marking the proposed revision that would move the property from the US West territory into the Blair Telephone Company area. US West has agreed to the boundary change and a statement of acceptance from US West is attached hereto as Exhibit A.

Upon consideration of the application and being fully advised, the Commission is of the opinion and finds the request reasonable, in the public interest and should be granted.
