PRELIMINARY MATTERS

Intelicom International Corporation (hereinafter referred to as Intelicom) of Clearwater, Florida filed an application with the Commission on November 29, 1995. The company seeks authority to obtain a Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of Nebraska. The applicant's business address is noted above. Notice of the application appeared in the Omaha Daily Record, November 30, 1995. Intelicom appeared before the Commission for a video-conference hearing, chaired by Commissioner Frank Landis, January 30, 1996 in the Commission Library, Lincoln, Nebraska.

BY THE COMMISSION

O P I N I O N A N D F I N D I N G S

Upon consideration of the application, the governing statutes and rules¹, the evidence adduced at the January 30, 1996 hearing, and being fully informed, the Commission is of the opinion and finds:

¹Interexchange reseller application are governed by Neb. Rev. Stats. 75-604 and 86-805 (Cum. Supp. 1994 and 1994 Reissue, respectively) and Title 291 Neb. Admin. Regs. Ch. 5, Rule 003.12.

Application No. C-1268

PAGE TWO

Nebraska was divided into three Local Access Transport Areas ("LATAs") as a result of the terms of the Modification of Final Judgement (the "MFJ") issued in the AT&T divestiture case. United States v. American Telephone & Telegraph Co., F.Supp. 131 (D.D.C. 1982), aff'd sub nom., California v. United States, 460 U.S. 1001 (1983) and United States v. American Telephone & Telegraph Co., 569 F.Supp. 990 (D.D.C. 1983) aff'd sub nom., California v. United States, 460 U.S. 1001 (1983).

While Neb. Rev. Stat. 75-604, by its language, refers to local exchange service, the Nebraska Supreme Court in Northwestern Bell Telephone v. Consolidated Telephone Co., 180 Neb. 268, 142 N.W.2d 324 (1966) held that long distance service is also subject to the provisions of the statute. This was recognized by the Legislature in LB 835 (LAWS 1986) because interexchange services (which include resellers) in Sec. 86-805 (part of LB 835) are referenced to in Sec. 75-604. For this reason, the Commission distinguishes between intraLATA and interLATA resale when deciding reseller applications.

Mr. David Spezza, President of Intelicom, testified. Mr. Spezza stated, and the pleadings reflect, the applicant seeks both intraLATA and interLATA authority. The application does not seek authority to provide Alternate Operator Services (AOS). Intelicom is a privately held company that incorporated in the state of Florida on October 31, 1994.

The applicant has received authority to operate in approximately twenty (20) states and has applications pending in several others. No formal complaints or other investigatory or enforcement proceedings involving the business operations of Intelicom, its officers, directors, shareholders or principals, have been initiated by a state commission. No state has denied Intelicom a certificate of authority.

Intelicom will use Sprint, Wiltel and Allnet as its underlying carriers. The applicant intends to use independent contractors to offer its products, as well as the products of other carriers, on a face-to-face basis.

Intelicom proposes to offer 1+, 800 services and travel card services. Intelicom's services are provided to both residential and business customers.

The applicant provides a toll-free 800 number for customer service, twenty-four hours a day, seven days a week. The customer service toll-free number is displayed on Intelicom's bill. Intelicom has its bills prepared by Versatile Long Distance Management.

Intelicom has a policy against slamming. If an independent contractor is found to be guilty of slamming, the contractor will be terminated. Intelicom generally requires a copy of the customer's phone bill to demonstrate good faith dealing.

Financial information was provided to the Commission in the application. The statements reflect the company is profitable and is capable of offering service within the state.

Based on the testimony, the exhibits, and the proposed tariff, the applicant has provided the requisite information, has demonstrated its financial resources, and has proven to be technically competent to provide service. The application is fair and reasonable, is in the public interest, and should be granted.
