PRELIMINARY MATTERS

GlobalOne, Inc. of Chicago, Illinois filed an application with the Commission on March 1, 1996. The company seeks authority to obtain a Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of Nebraska. The applicant's business address is noted above. Notice of the application appeared in the Omaha Daily Record, March 6, 1996. GlobalOne appeared before the Commission for a video-conference hearing, chaired by Commissioner Rod Johnson, May 14, 1996 in the Commission Library, Lincoln, Nebraska.

BY THE COMMISSION

O P I N I O N A N D F I N D I N G S

Upon consideration of the application, the governing statutes and rules¹, the evidence adduced at the May 14, 1996 hearing, and being fully informed, the Commission is of the opinion and finds:

¹Interexchange reseller application are governed by Neb. Rev. Stats. 75-604 and 86-805 (Cum. Supp. 1994 and 1994 Reissue, respectively) and Title 291 Neb. Admin. Regs. Ch. 5, Rule 003.12.

Application No. C-1299

PAGE TWO

Nebraska was divided into three Local Access Transport Areas ("LATAs") as a result of the terms of the Modification of Final Judgement (the "MFJ") issued in the AT&T divestiture case. United States v. American Telephone & Telegraph Co., F.Supp. 131 (D.D.C. 1982), aff'd sub nom., California v. United States, 460 U.S. 1001 (1983) and United States v. American Telephone & Telegraph Co., 569 F.Supp. 990 (D.D.C. 1983) aff'd sub nom., California v. United States, 460 U.S. 1001 (1983).

While Neb. Rev. Stat. 75-604, by its language, refers to local exchange service, the Nebraska Supreme Court in Northwestern Bell Telephone v. Consolidated Telephone Co., 180 Neb. 268, 142 N.W.2d 324 (1966) held that long distance service is also subject to the provisions of the statute. This was recognized by the Legislature in LB 835 (LAWS 1986) because interexchange services (which include resellers) in Sec. 86-805 (part of LB 835) are referenced to in Sec. 75-604. For this reason, the Commission distinguishes between intraLATA and interLATA resale when deciding reseller applications.

Ms. Christina Weiksner of GlobalOne, testified. Ms. Weiksner stated, and the pleadings reflect, the applicant seeks both intraLATA and interLATA authority. The application does seek authority to provide Alternate Operator Services (AOS). GlobalOne incorporated in the state of Illinois on May 3, 1995. The applicant is a privately-held corporation.

The applicant has received authority to operate in approximately nine (9) states and currently has applications pending in thirty-nine (39) states. No formal complaints or other investigatory or enforcement proceedings involving the business operations of GlobalOne, its officers, directors, shareholders or principals, have been initiated by a state commission. No state has denied GlobalOne a certificate of authority.

GlobalOne will use AT&T, MCI, and WorldCom as its underlying carrier. GlobalOne proposes to offer 1+, 800 services and calling card services. GlobalOne's services are provided to both residential and business customers.

The applicant follows FCC rules and regulations and has a policy against slamming. A written LOA is required before a change in provider is initiated.

The applicant provides a toll-free 800 number for customer service, twenty-four hours a day, seven days a week. The customer service toll-free number is displayed on GlobalOne's bill.
