PRELIMINARY MATTERS

GTN Corporation d/b/a Global Telecom Network (hereinafter referred to as Global Telecom) of Ft. Lauderdale, Florida filed an application with the Commission on April 2, 1996. The company seeks authority to obtain a Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of Nebraska. The applicant's business address is noted above. Notice of the application appeared in the Omaha Daily Record, April 5, 1996. Global Telecom appeared before the Commission for a video-conference hearing, chaired by Commissioner Rod Johnson, June 25, 1996 in the Commission Library, Lincoln, Nebraska.

BY THE COMMISSION

O P I N I O N   A N D   F I N D I N G S

Upon consideration of the application, the governing statutes and rules<sup>1</sup>, the evidence adduced at the June 25, 1996 hearing, and being fully informed, the Commission is of the opinion and finds:

---

<sup>1</sup>Interexchange reseller application are governed by Neb. Rev. Stats. 75-604 and 86-805 (Cum. Supp. 1994 and 1994 Reissue, respectively) and Title 291 Neb. Admin. Regs. Ch. 5, Rule 003.12.

Application No. C-1318

PAGE TWO

Nebraska was divided into three Local Access Transport Areas ("LATAs") as a result of the terms of the Modification of Final Judgement (the "MFJ") issued in the AT&T divestiture case. United States v. American Telephone & Telegraph Co., F.Supp. 131 (D.D.C. 1982), aff'd sub nom., California v. United States, 460 U.S. 1001 (1983) and United States v. American Telephone & Telegraph Co., 569 F.Supp. 990 (D.D.C. 1983) aff'd sub nom., California v. United States, 460 U.S. 1001 (1983).

While Neb. Rev. Stat. 75-604, by its language, refers to local exchange service, the Nebraska Supreme Court in Northwestern Bell Telephone v. Consolidated Telephone Co., 180 Neb. 268, 142 N.W.2d 324 (1966) held that long distance service is also subject to the provisions of the statute. This was recognized by the Legislature in LB 835 (LAWS 1986) because interexchange services (which include resellers) in Sec. 86-805 (part of LB 835) are referenced to in Sec. 75-604. For this reason, the Commission distinguishes between intraLATA and interLATA resale when deciding reseller applications.

Mr. Edward Dunne of Global Telecom, testified. Mr. Dunne stated, and the pleadings reflect, the applicant seeks both intraLATA and interLATA authority. The application does not seek authority to provide Alternate Operator Services (AOS). Global Telecom incorporated in the state of Florida in 1993. The applicant is a privately-held corporation.

The applicant has received authority to operate in approximately twenty-two (22) states and has applications pending in several others. Global Telecom has never been subject to a formal complaint before any state commission. No state has denied Global Telecom a certificate of authority.

Global Telecom will use Wil-Tel, AT&T, MCI, LDDS Worldcom, and Sprint as its underlying carriers. Global Telecom proposes to offer pre-paid calling card services. Global Telecom's services are provided to both residential and business customers.

Financial information was provided to the Commission in the application. The statements reflect the company is capable of offering service within the state.

Based on the testimony, the exhibits, and the proposed tariff, the applicant has provided the requisite information, has demonstrated its financial resources, and has proven to be technically competent to provide service. The application is fair and reasonable, is in the public interest, and should be granted.
