PRELIMINARY MATTERS

Norlight, Inc. of Brookfield, Wisconsin filed an application with the Commission on May 8, 1996. The company seeks authority to operate as a resale carrier of intrastate interLATA and intraLATA telecommunications services within the state of Nebraska. The applicant's business address is noted above. Notice of the application appeared in the Omaha Daily Record, May 10, 1996. Norlight appeared before the Commission for a public hearing, chaired by Commissioner Rod Johnson, July 31, 1996 in the Commission Hearing Room, Lincoln, Nebraska.

BY THE COMMISSION

O P I N I O N A N D F I N D I N G S

Upon consideration of the application, the governing statutes and rules (1), the evidence adduced at the July 31, 1996 hearing, and being fully informed, the Commission is of the opinion and finds:

(1) Interexchange reseller applications are governed by Neb. Rev. Stats. 75-604 and 86-805 (Cum. Supp. 1994 and 1994 Reissue, respectively) and Title 291 Neb. Admin. Regs. Ch. 5, Rule 003.12.

Nebraska was divided into three Local Access Transport Areas ("LATAs") as a result of the terms of the Modification of Final Judgement (the "MFJ") issued in the AT&T divestiture case. United States v. American Telephone & Telegraph Co., F.Supp. 131 (D.D.C. 1982), aff'd sub nom., California v. United States, 460 U.S. 1001 (1983) and United States v. American Telephone & Telegraph Co., 569 F.Supp. 990 (D.D.C. 1983) aff'd sub nom., California v. United States, 460 U.S. 1001 (1983).

While Neb. Rev. Stat. 75-604, by its language, refers to local exchange service, the Nebraska Supreme Court in Northwestern Bell Telephone v. Consolidated Telephone Co., 180 Neb. 268, 142 N.W.2d 324 (1966) held that long distance service is also subject to the provisions of the statute. This was recognized by the Legislature in LB 835 (LAWS 1986) because interexchange services (which include resellers) in Sec. 86-805 (part of LB 835) are referenced to in Sec. 75-604. For this reason, the Commission distinguishes between intraLATA and interLATA resale when deciding reseller applications.

Robert Rogers of Norlight, testified. Mr. Rogers stated, and the pleadings reflect, the applicant seeks both intraLATA and interLATA authority. The application also seeks authority to provide Alternate Operator Services (AOS).

Norlight was incorporated in the state of Wisconsin in 1991. The applicant is a wholly-owned subsidiary of MRC Telecommunications, Inc., which is itself a wholly-owned subsidiary of Journal Communications.

The applicant has received authority to operate in approximately fifteen (15) states and has applications pending in several others. No state has denied Norlight a certificate of authority.

No officer, director or shareholder having 5% or more of Norlight's voting securities nor any of Norlight's business operating has been involved in a formal complaint or other investigative or enforcement proceeding.

No advance deposits are required by the applicant. Customer service is provided through the use of a toll-free telephone number.

Norlight proposes to provide MTS, outbound and inbound, private line service and travel card services to subscribers to and from all points in the State of Nebraska. The applicant's underlying carrier will be Wiltel.

Financial information was provided to the Commission in the application. The statements reflect the company is capable of offering service within the state.

Based on the testimony, the exhibits, and the proposed tariff, the applicant has provided the requisite information, has demonstrated its financial resources, and has proven to be technically competent to provide service. The application is fair and reasonable, is in the public interest, and should be granted.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-1334 be, and it is hereby, granted and Norlight, Inc., of Brookfield, Wisconsin is hereby authorized to operate as a resale carrier of intrastate interexchange intraLATA and interLATA telecommunications services within the state of Nebraska, including alternate operator services.
