

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Petition of) Application No. C-1492
Residents of the Oxford exchange)
served by US West Communications)
requesting Extended Area Service) DISMISSED
to the Orleans exchange served)
by GTE.) Entered: April 14, 1997

BY THE COMMISSION

Comes now the Communications Department of the Nebraska Public Service Commission with the results of the usage study compiled by US West Communications (US West) showing calls made from the Oxford exchange to the Orleans exchange pursuant to Application No. C-1492. The application was filed by residents of the Oxford exchange and was verified by the Commission to have the requisite number of signatures on February 26, 1997. The submitted application requests authority for Extended Area Service from the Oxford exchange in Oxford, Nebraska to the Orleans exchange in Orleans, Nebraska. Oxford is served by US West, while Orleans is served by GTE. Notice of the application was published in the The Daily Record on March 3, 1997.

O P I N I O N A N D F I N D I N G S

Pursuant to Commission Rule 002.27B2c, US West conducted a point-to-point traffic study showing calling from the Oxford exchange to the Orleans exchange.

The traffic study shows calling from Oxford to Orleans for the three most recent months available; November and December of 1996, and January of 1997. The results show the number of calls made per customer, per month from Oxford to Orleans, as well as the number and percent of customers who made two or more calls per month from Oxford to Orleans is not sufficient to process the application further. By Commission Rule 002.27B2c, an application must demonstrate that an average of five (5) or more calls are made per customer per month and that more than fifty percent (50%) of the customers have made at least two (2) calls per month to the petitioned exchange. In the present application, Oxford customers averaged less than one call per month to Orleans and roughly 27% of the subscribers made two or more calls per month to Orleans. Therefore, the results do not meet the basic requirements set forth in the Commission's Rules.

According to Commission Rule 002.27B2c, if a petition fails to meet the basic criteria, it will be dismissed without further action. Further, as the application failed to pass the usage tests established by the Commission, a subsequent petition

Application No. C-1492

PAGE TWO

may not be resubmitted for twenty-four (24) months, pursuant to Commission Rule 002.27B2d.

After consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds:

1. Application C-1492 should be dismissed for failing to meet the requirements established in Commission Rule 002.27B2c.
2. The residents of the Oxford exchange may not submit a petition for Extended Area Service to the Orleans exchange for twenty-four (24) months pursuant to Commission Rule 002.27B2d.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application C-1492 be, and it is hereby dismissed.

IT IS FURTHER ORDERED that an application for Extended Area Service may not be submitted by residents of the Oxford exchange to the Orleans exchange for twenty-four (24) months.

MADE AND ENTERED at Lincoln, Nebraska, this 14th day of April, 1997.
