O P I N I O N A N D F I N D I N G S

On July 1, 1997, US West Communications, Inc. (US West) and Sprint Spectrum L.P. (Sprint), as agent and general partner of Wireless Co., L.P., jointly filed an application seeking approval of their voluntarily negotiated wireless interconnection agreement. Notice of the application was published in The Daily Record on July 3, 1997. AT&T Communications of the Midwest, Inc. and the Nebraska Independent Telephone Association filed comments on US West and Sprint's interconnection agreement. No protests were filed; therefore, this application will be processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(a) of the Telecommunications Act of 1996 (the Act), US West and Sprint entered into a wireless interconnection agreement arrived at through voluntary negotiations. An executed copy of the voluntarily negotiated interconnection agreement is contained within the application.

Neither the agreement nor any portion thereof discriminates against any telecommunications carrier that is not a party to the agreement. Furthermore, the implementation of the agreement is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act mandates this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the interconnection agreement filed July 1, 1997, should be approved.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the voluntarily negotiated interconnection agreement between US West and Sprint be, and it is hereby, approved.
