On December 22, 1997, a departmental complaint was filed by M. Gene Hand, on behalf of the Nebraska Public Service Commission's Communications Department, against US West Communications, Inc. The complaint alleges US West, through its agent, River City Communications, Inc., has engaged in misleading and/or fraudulent marketing practices by representing to consumers that substantial discounts are available on local business lines without changing service.

On January 14, 1998, US West Communications responded to the allegations and indicated that the promotional material subject to the departmental complaint was no longer being distributed by River City Communications. As such, we find the departmental complaint should be dismissed and no further action taken.
