On November 9, 1998, EZ Talk Communications, L.L.C. (EZ Talk) and United Telephone Company of the West dba Sprint (Sprint) jointly filed an application seeking approval of their voluntarily-negotiated interconnection agreement. Notice of the application was published in The Daily Record on November 10, 1998. The Nebraska Independent Telephone Association filed comments on EZ Talk and Sprint's interconnection agreement. No protests were filed. Therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(a) of the Telecommunications Act of 1996 (the Act), EZ Talk and Sprint entered into a master resale interconnection agreement arrived at through voluntary negotiations. An executed copy of the voluntarily-negotiated interconnection agreement is contained within the application.

Neither the agreement nor any portion thereof discriminates against any telecommunications carrier that is not a party to the agreement. Furthermore, the implementation of the agreement is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the interconnection agreement filed August 31, 1998, should be approved.

Before EZ Talk can provide basic local exchange services under this agreement, it must first receive a Certificate of Public Convenience and Necessity from this Commission authorizing it to provide local exchange service in Nebraska and must file a tariff in accordance with the provisions of Section 002.21 of Neb. Admin. R. & Regs. tit. 291, ch. 5.
