telephone service from the)	
Denton exchange.)	Entered: April 6, 1999

BY THE COMMISSION:

On January 20, 1999, Shawn R. Powell (Applicant) filed an application seeking to revise the exchange area boundary of Aliant Communications Company's (Aliant) Crete and Denton exchanges. Notice of the application was published in the The Daily Record, Omaha, Nebraska, on January 25, 1999, pursuant to the Commission's Rules.

O P I N I O N A N D F I N D I N G S

Aliant is a local exchange carrier operating in Nebraska and is subject to the Commission's general regulation of common carriers. Nebraska statutes provide that if the telephone company or companies affected by proposed boundary revisions do not object to the application, the application may be processed by modified procedure. Aliant serves both exchanges affected by the change in boundary. Since no protests were filed, the Commission will process the application pursuant to its rule of modified procedure.

Aliant attached a map showing the proposed placement of the boundary between the Crete and Denton exchanges. A map was drawn by the Commission illustrating the new boundary between the Crete and Denton exchanges which was marked as Exhibit A. That map is attached hereto and made a part of this order.

Applicant built a new residence which does not yet have service. Applicant has a community of interest in the Denton exchange served by Aliant. Applicant will pay the construction cost of receiving service from the Denton exchange which will be \$200 or less.

Upon consideration of the application and being fully advised, the Commission is of the opinion and finds the application should be granted.
