Denver, Colorado, seeking approval)
of its revised Statement of) MOTION GRANTED
Generally Available Terms (SGAT))
pursuant to Section 252(f) of the)
1996 Telecommunications Act.) December 5, 2000

BY THE COMMISSION:

On November 22, 2000, Qwest submitted to this Commission a Compliance Filing Modifying Qwest's SGAT To Adopt Collocation Provisioning Intervals Set By The FCC in Application No. C-2185.

On November 30, 2000, AT&T Communications of the Midwest, Inc. and AT&T Local Services, on behalf of TCG Omaha (AT&T), filed a Motion For Leave To Respond To Qwest's Compliance Filing Modifying Qwest's SGAT To Adopt Collocation Provisioning Intervals Set By The FCC.

O P I N I O N S A N D F I N D I N G S

In Qwest's compliance filing, Qwest requests that the Commission allow certain modifications to the provisions of Qwest's Statement Of Generally Availably Terms (SGAT) relating to physical collocation provisioning intervals to take effect by operation of law. Furthermore, Qwest proposes that these new intervals take effect within 60 days of its filing pursuant to Section 252(f) (3) (B) of the Act.

AT&T, in its motion, seeks an opportunity to file a response to Qwest's proposed SGAT revision, legal contentions, interpretations of FCC orders and arguments.

The Commission is of the opinion and finds that written comments by interested parties would assist the Commission in determining the nature and extent of a proper SGAT revision pertaining to the time limits for provisioning of physical collocation.

Therefore, AT&T's motion should be granted and interested parties should file written comments regarding Qwest's compliance filing with the Commission on or before December 18, 2000.
