BY THE COMMISSION:

On April 7, 2000, a joint application was filed by Nebraska Technology and Telecommunications, Inc. (NT&T) of Omaha, and US West Communications, Inc. (US West) of Denver, Colorado, seeking approval of the first amendment to their interconnection agreement. Notice of the application was published in The Daily Record, Omaha, Nebraska, on April 11, 2000. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(i) of the Telecommunications Act of 1996 (the Act), NT&T and US West entered into an interconnection agreement, which was approved by the Commission on February 18, 1998, in Application No. C-1752. In the current application, NT&T and US West seek to amend the original agreement by adding terms relating to unbundled network elements, in accordance with recent FCC rulings. An executed copy of the amendment is contained within the application.

The amendment does not discriminate against any telecommunications carrier that is not a party to the agreement. Furthermore, the implementation of the amendment is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the amendment filed April 7, 2000, should be approved.
