O P I N I O N A N D F I N D I N G S

One Tel is a privately-held Delaware corporation with its principal offices located in Long Beach, California. One Tel has been authorized by the Secretary of State to transact business in the state of Nebraska.

One Tel is a switchless reseller of interexchange dial around (or 101XXXX) service for the transmission and reception of voice, data and other types of telecommunications. One Tel proposes to offer these services throughout the entire state of Nebraska. As One Tel does not currently and has no intention of owning facilities, service will be provided using the existing facilities of One Tel's underlying carriers. Customers will access One Tel's services by dialing One Tel's 101XXXX access code. Customer service will be available through a toll-free number, in English and Spanish, during regular business hours.

One Tel has been authorized to provide intrastate interexchange telecommunications service in California, Colorado, Illinois and Texas, and intends to seek certification throughout the country. In no instance has an application been denied by any state. Despite operating exclusively as a reseller and thus relying on the technical abilities of its underlying carriers, the One Tel management team possesses extensive telecommunications experience in its own right through their involvement in One Tel Limited, a company which provides telecommunications service to more than 340,000 customers worldwide.

Interexchange reseller applications are subject to Commission jurisdiction under Neb. Rev. Stat. §§ 75-604 and 86-805 and Title 291 of the Commission's Rules and Regulations, Chapter 5, Rule 003.12. From examination of the application filed herein, the Commission finds the applicant has provided all the information required by the Commission, possesses adequate financial resources to provide the proposed service and possesses adequate technical
