In the Matter of the Application) Application No. C-2380
of Citizens Telecommunications)
Company of Nebraska of Mound,)
Minnesota, seeking approval of)
assignment and modification of) GRANTED
interconnection agreement between)
GTE Midwest Incorporated and)
Aliant Midwest, Inc., d/b/a)
ALLTEL, pursuant 47 U.S.C.)
§ 252(e).) Entered: October 12, 2000

BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On August 30, 2000, an application was filed by Citizens Telecommunications Company of Nebraska (Citizens) of Mound, Minnesota, seeking approval of the assignment and modification of an interconnection agreement between GTE Midwest Incorporated (GTE) and Aliant Midwest, Inc., d/b/a ALLTEL, pursuant to 47 U.S.C. § 252(e). Notice of the application was published in The Daily Record, Omaha, Nebraska, on September 1, 2000. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(a) of the Telecommunications Act of 1996 (the Act), Aliant Midwest and GTE entered into an interconnection agreement, which became effective on August 24, 1999. In Application No. C-2311, Aliant Midwest and GTE agreed to extend this agreement past its original termination date.

On April 5, 2000, pursuant to Application No. C-2148, this Commission approved the sale of GTE's local exchanges and the assets associated therewith to Citizens Utilities Company. Consequently, Aliant Midwest, GTE and Citizens have executed an Agreement to Modify and Assign Interconnection, Resale and Unbundling Agreement (the assignment agreement) which results in the assignment of GTE's rights and obligations under the interconnection agreement to Citizens, and also modifies several provisions of the interconnection agreement.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. The Commission finds that none of the modifications of the interconnection agreement discriminate against any telecommunications carrier that is not a party

to the agreement. Furthermore,
the interconnection agreement, as modified, is consistent with the
public interest, convenience and necessity. Using those standards,
the modifications of the interconnection agreement should be approved.
Furthermore, the
assignment of the interconnection agreement from GTE to Citizens is fully
consistent with our
findings in
Application No. C-2148 and should be approved.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that
Application No. C-2380 be, and it is hereby, granted.

MADE AND ENTERED at Lincoln, Nebraska, this 12th day of
October, 2000.

NEBRASKA PUBLIC SERVICE COMMISSION
