BY THE COMMISSION:

On October 18, 2000, the Commission opened the above-captioned docket to conduct an investigation of interim policies and requirements for contract carriers and of applications by political subdivisions with respect to fiber optics. In that order, the Commission requested comments from interested parties and set forth a short initial and reply comment cycle. After entering the November 8, 2000, order, the Commission discovered that it had not served notice on all of the interested parties to this docket. To give all interested parties adequate notice for filing meaningful comment in this docket the Commission has determined that the comment date should be revised.

Initial comments will now be due November 13, 2000. Reply comments will now be due on or before November 30, 2000. The Commission does not wish to unduly prejudice any party not receiving notice of the extension, therefore, all comments filed prior to November 13, 2000, shall remain confidential until November 13, 2000. Parties who file prior to November 13, 2000, will also be permitted to supplement and amend their comments on or before November 13, 2000.
