On February 21, 2003, a joint application was filed by Qwest Corporation (Qwest) of Denver, Colorado, and DIECA Communications, Inc., dba Covad Communications Company (DIECA) of Santa Clara, California, seeking approval of an amendment to an interconnection agreement, previously approved in Application No. C-2325. Notice of the application was published in The Daily Record, Omaha, Nebraska, on February 25, 2003. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

Pursuant to Section 252(a) of the Telecommunications Act of 1996 (the Act), Qwest and DIECA entered into an interconnection agreement, which was approved by the Commission on August 1, 2000, in Application No. C-2325. In the current application, Qwest and DIECA seek to amend the original agreement by adding terms, conditions and rates for Joint Testing.

The amendment does not discriminate against any telecommunications carrier. Furthermore, the implementation of the amendment is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the amendment filed February 21, 2003, should be approved.
