BEFORE THE COMMISSION:

On November 17, 2003, Qwest Corporation (Qwest) of Denver, Colorado, and Granite Telecommunications, LLC (Granite) of Quincy, Massachussets, filed a joint application seeking approval of a wireline Statement of Generally Available Terms and Conditions (SGAT) interconnection agreement. Notice of the application was published in The Daily Record, Omaha, Nebraska, on November 19, 2003. No protests were filed; therefore, this application is processed pursuant to the Commission's rule of modified procedure.

Pursuant to Section 252(f) of the Telecommunications Act of 1996 (the Act), Qwest and Granite entered into a SGAT interconnection agreement for interconnection, unbundled network elements, ancillary services and resale of telecommunications services. An executed copy of this agreement is contained within the application.

Neither the agreement nor any portion thereof discriminates against any telecommunications carrier. Furthermore, the implementation of the agreement is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the SGAT interconnection agreement should be approved
