(IDT) of Newark, New Jersey. Notice of the application was published in The Daily Record, Omaha, Nebraska, on January 2, 2004. No protests were filed; therefore, this application is processed pursuant to the Commission's rule of modified procedure.

Pursuant to Section 252(a) of the Telecommunications Act of 1996 (the Act), Qwest and IDT entered into an agreement for terms and conditions for interconnection, unbundled network elements, ancillary services, and resale of telecommunication services through voluntary negotiations. An executed copy of this agreement is contained within the application.

Neither the agreement nor any portion thereof discriminates against any telecommunications carrier. Furthermore, the implementation of the agreement is consistent with the public interest, convenience and necessity.

Using those standards, the agreement for terms and conditions for interconnection, unbundled network elements, ancillary services, and resale of telecommunication services filed December 29, 2003, should be approved.
