On March 3, 2006, a joint application was filed by Qwest Corporation ("Qwest") of Denver, Colorado, and OrbitCom, Inc. ("OrbitCom"), of Sioux Falls, South Dakota, seeking approval of a Digital Subscriber line Amendment to their interconnection agreement. Notice of the application was published in The Daily Record, Omaha, on March 17, 2006. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

On March 4, 2003, the original interconnection agreement between Qwest and OrbitCom was approved by this Commission in Application No. C-2867. In the current application, Qwest and OrbitCom seek to amend their agreement. Executed copies of the amendment are contained within the application.

The amendment does not discriminate against any telecommunications carrier that is not a party to the agreement. Furthermore, the implementation of the amendment is consistent with the public interest, convenience and necessity.

Section 252(e) of the Act requires this Commission to review negotiated interconnection agreements to ensure they comply with Sections 251 and 252(d) of the Act, as well as all applicable state laws. Using those standards, the amendment filed should be approved.

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the Digital Subscriber Line Amendment to the interconnection agreement between Qwest Corporation and OrbitCom be, and is hereby, approved.

IT IS FURTHER ORDERED that the executed amendment filed herein be, and is hereby, made the official copy on file with the Nebraska Public Service Commission.
