

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Application) Application No. C-3735
of Cognigen Networks, Inc.,)
Mountlake Terrace, Washington,)
seeking to discontinue long) GRANTED
distance service to certain end-)
users in the State of Nebraska.) Entered: January 30, 2007

BY THE COMMISSION:

By application filed December 11, 2006, Cognigen Networks, Inc., (Cognigen), Mountlake Terrace, Washington, is seeking authority to discontinue interexchange telecommunications services to certain customers in the State of Nebraska. Cognigen was previously approved to offer interexchange services throughout the state of Nebraska in Docket No. C-2965. Notice of the application was published in The Daily Record, Omaha, Nebraska, on December 13, 2006. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

O P I N I O N A N D F I N D I N G S

On July 22, 2003, Cognigen was granted authority to operate as a interexchange telecommunications carrier within the State of Nebraska pursuant to Application No. C-2965.

By letter received on December 6, 2006, Cognigen informed the Commission that it intended to discontinue service to the 63 customers subscribing to long distance service provided by Cognigen in the State of Nebraska and requested approval of the discontinuation of service. Cognigen included the Federal Communications Commission (FCC) filing and the letter sent to customers notifying them of the discontinuation of service with its application. Cognigen is considered a non-dominant carrier of the services it proposes to discontinue. Cognigen does not seek to surrender its authority to provide interexchange telecommunications services in Nebraska at this time.

Upon consideration of the request and being fully advised, the Commission finds that Cognigen's request to discontinue interexchange services to customers in Nebraska is reasonable.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-3735 be, and it is hereby, granted and Cognigen Networks, Inc.'s request for approval to discontinue offering interexchange services in the State of Nebraska is granted.

MADE AND ENTERED at Lincoln, Nebraska, this 30th day of January, 2007.
