investigate time release             )  
intervals for participants of         ) ORDER POSTPONING WORKSHOP  
telephone calls once a                 )  
disconnect signal or on-hook         )  
signal is detected.                    )  
  ) Entered: April 30, 2007

BY THE HEARING OFFICER:

O P I N I O N     A N D     F I N D I N G S

On January 17, 2007, the Nebraska Public Service Commission (Commission) opened this docket to investigate time release intervals for participants of telephone calls once a disconnect signal or on-hook signal is detected.

A workshop was held on February 26, 2007, and interested parties discussed issues surrounding switch functionality as it relates to the release of telephone lines after a disconnect or on-hook signal is received by the switch. A second workshop was scheduled for May 8, 2007, however, I find that further investigation and information gathering is required before proceeding with a second workshop. Therefore, I find that the second workshop currently scheduled for May 8, 2007, should be postponed to a date to be determined later.

O R D E R

IT IS THEREFORE ORDERED that the workshop in the above-captioned docket scheduled for May 8, 2007, be, and it is hereby, postponed, to be rescheduled to a date later to be determined.

MADE AND ENTERED at Lincoln, Nebraska, this 30th day of April, 2007.
