BY THE COMMISSION:

On August 13, 2007, a Joint Application was filed by CenCom, Inc., d/b/a NNTC Long Distance, (NNTC), Jackson, and Clarks Telecom Long Distance, (Clarks), Jackson, seeking a transfer of customer base. Notice of the application was published in The Daily Record, Omaha, Nebraska, on August 15, 2007. No protests were filed; therefore, this application is processed pursuant to the Commission's Rule of Modified Procedure.

O P I N I O N A N D F I N D I N G S

Earlier this year Clarks' parent company, Clarks Telecom Co., was sold to NNTC's parent company, Northeast Nebraska Telephone Company. Consequently, Clarks and NNTC are affiliated companies with a common parent company. For administrative and accounting efficiency, the companies are proposing a transfer of the customer base of Clarks to NNTC.

The proposed transaction will improve business operations and will not affect the services provided to customers. The transfer of customers will be seamless and customers will be provided the same services at the same rates. Customers will be informed by letter of the intent to transfer their service and that they will be allowed to switch to a different interexchange carrier of their own choosing.

Based on the evidence, we find the application to be fair and reasonable and in the public interest. The application should be granted.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-3848, be, and it is hereby, granted.

MADE AND ENTERED at Lincoln, Nebraska, this 18th day of September, 2007.
