BY THE COMMISSION:

On April 3, 2012, an application was filed by Randy Rasmussen of Dixon, Nebraska, seeking authority for a boundary change to receive telephone service from the Dixon Exchange of the Northeast Nebraska Telephone Company (NNTC) in lieu of his current telephone service from CenturyLink. Notice of the application was published in The Daily Record, Omaha, Nebraska, on April 5, 2012.

O P I N I O N A N D F I N D I N G S

NNTC and CenturyLink are local exchange carriers holding certificates of public convenience and necessity to provide local exchange service in their respective territories. Randy Rasmussen resides within the boundaries of CenturyLink's Laurel exchange, and has requested a boundary change so that he may receive local exchange service from the Dixon exchange of NNTC. Both CenturyLink and NNTC have notified the Commission in writing of their consent to the proposed boundary change. A legal description of the location at which Mr. Rasmussen desires telephone service was provided to the Commission.

Changes of a local exchange territory are governed by *Neb. Rev. Stat.* §§ 86-135 to 86-138. Section 86-135 states that only upon non-consent of all telephone carriers involved shall the Commission hold a public hearing in the application. With no protest filed by any party and with each of the affected local exchange carriers consenting to the boundary change, the Commission processes this application administratively and without a public hearing.

The Commission finds that, in light of the agreement between all parties involved, the application is in the public interest and should be granted.
