BY THE COMMISSION:

On January 2, 2019, Global Connection Inc. of America ("Applicant") of Norcross, Georgia, filed an application seeking cancellation of its authority to operate as a local exchange carrier and an interexchange carrier or telecommunications services and to cancel its tariffs in the State of Nebraska. Notice of the application was published in The Daily Record, Omaha, Nebraska, on January 8, 2019. No protests or interventions were filed; therefore, this application is being processed pursuant to the Commission's Rule of Modified Procedure.

FINDINGS AND OPINION

The Applicant in this docket was originally granted authority to provide local exchange and interexchange services in Nebraska in Commission Docket No. C-3205. In its application, Applicant requests cancellation of these authorities on the basis that it currently has no customers for wireline services in Nebraska, and that Applicant's assessment of the market led to Applicant's determination that its strategic business plans in Nebraska do not include the continued provision of wireline telecommunications services.

Upon consideration of the request and being fully advised in the premises, the Commission finds the request to be reasonable and finds that Applicant's Certificate of Public Convenience and Necessity to offer telecommunications services and all applicable tariffs should be cancelled.
