By virtue of the authority granted by the Commission in Docket C-3942, Protocall was given the ability to offer interexchange telecommunications services within the State of Nebraska. In an application received on March 13, 2018, Protocall requested the cancellation of its Certificate of Public Convenience and Necessity and Tariffs within the State of Nebraska. The Certification is no longer necessary because the Company has transferred all of its assets and customers to Combined Public Communications, LLC.¹

Upon consideration of the request and being fully advised in the premises, the Commission finds the request to be reasonable and finds that Protocall's Certificate of Public Convenience and Necessity to offer telecommunications services and all applicable tariffs should be cancelled.
