BY THE COMMISSION:

Fremont Department of Utilities (Applicant), Fremont, Nebraska, by its application filed March 31, 2000, seeks authority to construct, operate and maintain electric transmission lines in Dodge County, having a voltage in excess of 700 volts.

Applicant proposes to construct .50 mile double circuit, 3 phase, 3 wire overhead, 69 kv, Delta connected electric line in Dodge County;

To underbuild .50 mile 3 phase, 4 wire overhead, 8/13.8 kv, Wye connected, multigrounded, electric line in Dodge County;

And to retire .50 mile of existing 3 phase, 3 wire, 8/13.8 kv, electric line in Dodge County.

A hearing on the application was held on April 30, 2002, pursuant to section 002.068A of the Commission's Transmission Line Rules and Regulations. Mr. Derril Marshall appeared pro se on behalf of the applicant.

O P I N I O N A N D F I N D I N G S

The Commission finds that:

1. Applicant has filed Route Map ST-8-122 (Exhibit A), which shows the route of the proposed lines, the side of the roadway to be occupied and the location and ownership of all utilities which may be in conflict, crossed or paralleled by the proposed lines.

2. Applicant has filed Specifications (Exhibit B), which will govern this electric line construction and have sufficient details to portray the type and manner of the construction for the proposed lines.

3. In the construction, operation and maintenance of the proposed electric transmission lines, applicant will conform with the requirements of the latest edition of the National Electric Safety Code, the laws of the state of Nebraska and the rules and regulations of the Commission.

4. The Nebraska Department of Aeronautics has filed a letter waiving objections to the proposed lines.

5. According to the application, the only utilities which may be affected by the construction and operation of the electric line proposal proposed herein are:

Burlington Northern & Santa Fe Railroad, Seattle, Washington
Omaha Public Power District, Omaha, Nebraska
Fremont Chapter, Nat'l RR Historic Society, Fremont, Nebraska

6. According to the application and the Nebraska Department of Aeronautics, there are no licensed airports which will be affected by the construction and operation of the electric lines proposed herein.

7. Applicant has filed documents showing consent of all involved parties with the exception of the Burlington Northern and Santa Fe Railroad. Said entity did not enter an appearance at the hearing on this application.

The Commission, having considered the filings in this matter and being fully advised in the premises, is of the opinion and finds that this application should be granted.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. E-1853 be granted and that Fremont Department of Utilities, Fremont, Nebraska, be, and it is hereby, authorized to construct, operate and maintain the proposed electric transmission lines in Dodge County, Nebraska, in accordance with its application, Route Map (Exhibit A) and Specifications (Exhibit B), which by this reference are made a part hereof, all subject to the rules and regulations of this Commission and to the terms and conditions of the waivers filed with this application.

IT IS FURTHER ORDERED that an immediate supplemental application be made if it develops that the lines will not be built in their entirety in accordance with the Commission's order. A supplemental application is required for any and all changes in line routing, voltage and/or design.

IT IS FURTHER ORDERED that if the construction authorized in this order will not be entirely completed within 24 months of the date of this order, applicant shall apply for an extension of time to complete the authorized construction showing good cause for such extension.

IT IS FURTHER ORDERED that a completion notice shall be filed with this Commission as soon as the proposed lines have been completed and are ready to be energized. With this completion notice, there should be a report of any lines authorized, which were not built.

MADE AND ENTERED at Lincoln, Nebraska, this 9th day of July, 2002.
