7. Applicant has filed documents showing the consent of the involved parties.

The Commission, having considered the filings in this matter and being fully advised in the premises, is of the opinion and finds that this application should be granted.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. E-2023 be granted and that Nebraska Public Power District, Columbus, Nebraska, be, and it is hereby, authorized to construct, operate and maintain the proposed electric transmission lines in York County, Nebraska, in accordance with its application, Route Map (Exhibit A) and Specifications (Exhibit B), which by this reference are made a part hereof, all subject to the rules and regulations of this Commission and to the terms and conditions of the waiver filed with this application.

IT IS FURTHER ORDERED that an immediate supplemental application be made if it develops that the lines will not be built in their entirety in accordance with the Commission's order. A supplemental application is required for any and all changes in line routing, voltage and/or design.

IT IS FURTHER ORDERED that if the construction authorized in this order will not be entirely completed within 24 months of the date of this order, applicant shall apply for an extension of time to complete the authorized construction showing good cause for such extension.

IT IS FURTHER ORDERED that a completion notice shall be filed with this Commission as soon as the proposed lines have been completed and are ready to be energized. With this completion notice, there should be a report of any lines authorized, which were not built.

MADE AND ENTERED at Lincoln, Nebraska, this 13th day of November, 2003.
