BY THE HEARING OFFICER:

By Motion filed on June 10, 2003, Qwest Corporation seeks disclosure and production of documents from the Commission staff in the above-captioned proceeding. Qwest sought all source data, processed data, result data, algorithms, formulas, work papers, and statistical analysis performed by Commission staff or its agents in connection with Dr. Rosenbaum's testimony. Upon review of this Motion, I find that only such documents which will enable Qwest and other parties to produce the regression analysis results Dr. Rosenbaum presents in his testimony should be sent electronically to the parties where available. This should not include any material that could be deemed confidential material such as company specific data and should not include the BCPM model itself. Draft work papers of the Commission staff should also not be included unless the Staff has otherwise agreed to provide such information to the parties.

O R D E R

IT IS THEREFORE ORDERED by the Hearing Officer that Qwest's Motion for Disclosure and Production of Documents shall be and it is hereby granted as provided herein.

MADE AND ENTERED at Lincoln, Nebraska, this 16th day of June 2003.
