request for approval of Traffic)
Study.) Entered: June 19, 2018

BY THE COMMISSION:

O P I N I O N A N D F I N D I N G S

On April 26, 2018, New Cingular Wireless PCS, LLC and Cricket Wireless, LLC ("Applicants") request approval to accept the results of their traffic studies conducted between 2006 and 2017. Applicants used quarterly federal universal service fund traffic studies to calculate the assessable intrastate revenues for the Nebraska Universal Service Fund (NUSF). Notice of the application appeared in the Daily Record, Omaha, Nebraska on May 8, 2018. No protests or interventions were filed; therefore, the Commission processed this application pursuant to its Rule of Modified Procedure.

In June 2006, the Federal Communications Commission examined the safe harbor percentage for wireless carrier revenues that should be considered interstate. The FCC raised the wireless safe harbor percentage from 28.5 percent (28.5%) to 37.1 percent (37.1%) for interstate contributions. The FCC also allows companies to report a percentage of revenue (through a traffic study or actual traffic data) as an alternative to the safe harbor upon request and documentation.

Similarly, the Commission has adopted a rule that permits a carrier to use the relevant FCC safe harbor provisions or to request the Commission to approve an allocation factor. See Neb. Admin. Code, Title 291, Chapter 10, Rule 002.01D1b.

In its request, Applicants confidentially filed a copy of the historic traffic study allocations used as an alternative to the FCC safe harbor provision. Applicants used the traffic

study percentages to determine intrastate revenues for NUSF assessment between the fourth quarter of 2006 through 2017.

Upon review of the request made by the Applicants, the Commission is of the opinion and finds their request for approval of the traffic study allocations filed should be granted. The allocation factors are approved as provided in the confidential attachment to this Order. The Commission finds it should keep the traffic study information and updates filed by the Applicants confidential as requested.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the allocation factors contained in Confidential Attachment "A" shall be, and they are hereby, approved.

ENTERED AND MADE EFFECTIVE at Lincoln, Nebraska this 19th day of June, 2018.
