LLC and Cricket Wireless, LLC                )  
request for approval of Traffic                )  
Study.    ) Entered: December 18, 2018

BY THE COMMISSION:

O P I N I O N       A N D       F I N D I N G S

On November 2, 2018 New Cingular Wireless PCS, LLC and Cricket Wireless, LLC ("Applicants") filed a request seeking Commission approval of their traffic study calculations for calendar year 2018. Applicants used quarterly federal universal service fund traffic studies to calculate the assessable intrastate revenues for the Nebraska Universal Service Fund (NUSF). Notice of the application appeared in The Daily Record, Omaha, Nebraska on November 8, 2018. No protests or interventions were filed; therefore, the Commission processed this application pursuant to its Rule of Modified Procedure.

In June 2006, the Federal Communications Commission examined the safe harbor percentage for wireless carrier revenues that should be considered interstate. The FCC raised the wireless safe harbor percentage from 28.5 percent (28.5%) to 37.1 percent (37.1%) for interstate contributions. The FCC also allows companies to report a percentage of revenue (through a traffic study or actual traffic data) as an alternative to the safe harbor upon request and documentation.

Similarly, the Commission has adopted a rule that permits a carrier to use the relevant FCC safe harbor provisions or to request the Commission to approve an allocation factor. See Neb. Admin. Code, Title 291, Chapter 10, Rule 002.01D1b.

In its request, Applicants confidentially filed a copy of the historic traffic study allocations used as an alternative to the FCC safe harbor provision. Applicants used the traffic

study percentages to determine intrastate revenues for NUSF assessment in 2018.

Upon review of the request made by the Applicants, the Commission is of the opinion and finds the request should be granted. The allocation factors are approved as provided in the confidential attachment to this Order. The Commission finds it should keep the traffic study information and updates filed by the Applicants confidential as requested.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the allocation factors contained in Confidential Attachment "A" shall be, and they are hereby, approved.

ENTERED AND MADE EFFECTIVE at Lincoln, Nebraska this 18th day of December, 2018.

NEBRASKA PUBLIC SERVICE COMMISSION
