By its Order entered on September 26, 2000, this Commission granted, granted in part and denied requests for additional funding made by certain rural incumbent local exchange carriers. In that Order, we denied the request for additional funding made by Three River Telco (Three River) due to historical overearnings. We also granted in part Hemingford Cooperative Telephone Company's (Hemingford) request for additional funding. This order corrects errors in applying the Commission's methodology, set forth in our September 26, 2000, Order, to the information submitted by Three River and Hemingford.

Upon correct application of the Commission's methodology, we find that based on the financial information submitted by Three River, Three River's request should be granted in part. Moreover, we find that the amount previously granted to Hemingford should be adjusted so that the additional funding received comports with the established methodology.

The financial information submitted by Three River and Hemmingford has been labeled as confidential. Therefore, the Commission approved additional funding amounts will be made available to these companies through separate confidential attachments.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that the Order entered in the above captioned docket, be and it hereby is, corrected as set forth herein.

IT IS FURTHER ORDERED that the waiver request made by Three River Telco shall be, and it is hereby granted in part.

IT IS FURTHER ORDERED that the additional funding amount granted to Hemingford Cooperative Telephone Company shall be, and it is hereby amended to comport with the calculations established by the Commission in our September 26, 2000, Order.
