BY THE COMMISSION:

On September 1, 2020, the Nebraska Public Service Commission ("Commission"), on its own motion, opened the above-captioned docket to investigate the implementation of a proposed ground transportation fee assessed by the Omaha Airport Authority ("OAA") to certificated and permitted carriers that provide ground transportation for passengers to and from Eppley Airfield in Omaha, Nebraska.

A workshop was held on October 7, 2020 at the Eppley Airfield Conference Center in Omaha, Nebraska and via WebEx to gather information about the OAA ground transportation fee and discuss possible options for the regulatory treatment of the fee in the rate structure of the certificated and permitted carriers.

Based on the workshop discussion, the Commission seeks comment on the following:

1. What expenses could a carrier incur to collect, process, and remit the ground transportation fee to OAA?
2. Should the Commission consider allowing carriers to pass along administrative costs related to collecting, processing, and remitting the ground transportation fee to passengers?

Interested parties should file written comments on the foregoing questions on or before **3:00 p.m. on Friday, November 6, 2020**. Those commenting must file one (1) paper copy and one (1) electronic copy which can be emailed to psc.motorfilings@nebraska.gov.
