Applicant is a Nebraska Limited Liability Company with its principal business address in Omaha, Nebraska. Applicant is a certificated carrier that holds Certificate B-1972, which authorizes the transportation of passengers and their baggage in taxicabs between Washington, Dodge, Saunders, Douglas, Sarpy, and Cass counties, and between points in said counties, on the one hand, and, on the other hand, points in Nebraska over irregular routes. Applicant is seeking to amend its existing rates previously granted under Rate Dockets TR-196.¹ In its application, Applicant's initial drop charge for in-town and out-of-town trips would increase from \$2.95 to \$3.50 for the first 1/6th mile. Each additional 1/11th mile would increase from \$0.20 to \$0.22 for an in-town trip, and out-of-town trip mileage would increase from \$2.25 to \$2.50 per mile. Minimum costs for both in-town and out-of-town trips would be \$6.00. Applicant states that the company has not amended its rates in seven years and needs the increase

due to increased costs. A review of Applicant's proposed rates in comparison to rates offered by similar carriers for similar services finds that the proposed rates are reasonable. The rates are also reasonable considering the increased expenses Applicant has incurred since the last time it amended its rates. The Commission advises Applicant to examine its rates and apply for more needed increases on a timelier basis to lessen the impact of the increase on the public.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted effective May 1, 2022. The complete list of approved rates and charges are attached as Appendix A.
