

SECRETARY'S RECORD, NEBRASKA PUBLIC SERVICE COMMISSION

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the	)	APPLICATION NO. BR-251
Prescription of Reasonable	)	
Rates and Charges for Motor	)	GRANTED
Carriers Passengers and	)	
Property for Hire Subject to	)	
the provisions of Neb. Rev. Stat.	)	ENTERED: AUGUST 22, 2000
(Reissue 1996), Chapter 75,	)	
Articles 1 and 3.	)	

BY THE COMMISSION:

OPINION AND FINDINGS

On July 10, 2000, Abbott Transportation, Inc., Council Bluffs, Iowa, filed an application for authority to increase its shuttle bus rates between Eppeley Airfield and hotels and motels in Douglas and Sarpy counties an average of 20.5% (one-way: 18.9%; round-trip: 22.1%).

Notice of the application was published in The Daily Record, Omaha, Nebraska, on July 11, 2000, pursuant to the Commission's Rules. The application is unopposed.

Applicant is a certificated common carrier which holds Certificate B-1505. The certificate authorizes, in pertinent part, the transportation of passengers and their baggage by bus (15 passengers or less) (a) between Eppeley Airfield and hotels and motels in Douglas and Sarpy counties over irregular routes. Supplement 1, to its authority, authorizes the transportation of passengers and their baggage by bus designed to transport sixteen or more passengers, (a) between Eppeley Airfield and hotels and motels in Douglas and Sarpy counties over irregular routes.

According to the Applicant, a rate increase is necessary to off-set increased costs experienced in the areas of labor, fuel and maintenance. Fuel costs alone have increased 50% (\$4,000 per month to \$8,000 per month). Additionally, larger vehicles are now in use on the shuttle runs between the airport and hotels/motels further increasing costs. The current shuttle rates were based on projected ridership of four riders per trip. Currently, the hotel/motel shuttle is averaging two riders per trip.

APPLICATION NO. BR-251

PAGE TWO

Fuel prices remain very volatile. From December 1999 through August 2000, gasoline prices have fluctuated between \$1.10 per gallon and \$1.71 per gallon. The current gasoline price in Omaha varies between \$1.46 and \$1.56. Diesel fuel has experienced the same price variation ranging from \$1.29 in December 1999 to \$1.49 in July 2000. The consumer price index, in the past eight months, has increased approximately 5.7%.

The requested rates, between the airport and hotels/motels, average 38% below the established flat rated taxicab fares between the same points. The average fare increase is \$1.89 per person and the preponderance is \$2.00 per person. The proposed rates are commensurate with fares charged by airport shuttles in other cities in the United States.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted effective September 1, 2000.

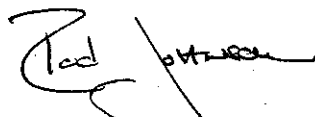

ORDER

IT IS, THEREFORE, ORDERED by the Nebraska Public Service Commission that, Abbott Transportation, Inc., Council Bluffs, Iowa, be, and it is hereby, authorized to amend its shuttle bus rates between Eppley Airfield and hotels and motels in Douglas and Sarpy counties as per the attached Rate Schedule which is attached hereto and becomes a part hereof effective September 1, 2000.

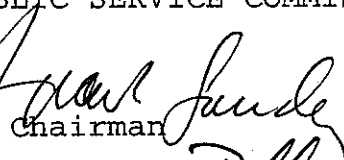

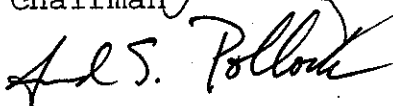

MADE AND ENTERED in Lincoln, Nebraska, this 22nd day of August, 2000.

NEBRASKA PUBLIC SERVICE COMMISSION

COMMISSIONERS CONCURRING:

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps involved in the accounting cycle, from identifying the transaction to posting it to the appropriate ledger account.

3. The third part of the document discusses the role of the auditor in verifying the accuracy of the records. It describes the various audit procedures used to test the reliability of the accounting data and to ensure that the financial statements are presented fairly.

4. The fourth part of the document addresses the issue of internal controls. It explains how a well-designed system of internal controls can help to minimize the risk of errors and fraud, and it provides examples of effective control measures.

5. The fifth part of the document discusses the importance of transparency and accountability in financial reporting. It argues that organizations should be open and honest about their financial performance and should provide timely and accurate information to all stakeholders.

6. The sixth part of the document discusses the role of the government in regulating the financial system. It describes the various laws and regulations that govern financial reporting and the role of regulatory agencies in enforcing these rules.

7. The seventh part of the document discusses the importance of ethical behavior in the financial industry. It argues that financial professionals should always act in the best interests of their clients and should avoid any conflicts of interest.

8. The eighth part of the document discusses the importance of ongoing education and training for financial professionals. It argues that the financial industry is constantly evolving, and professionals must stay up-to-date on the latest developments in accounting and finance.

9. The ninth part of the document discusses the importance of collaboration and communication among financial professionals. It argues that working together and sharing information can help to improve the efficiency and effectiveness of the financial system.

10. The tenth part of the document discusses the importance of innovation and technology in the financial industry. It argues that embracing new technologies can help to streamline processes, reduce costs, and improve the overall quality of financial services.
