SECRETARY'S RECORD, NEBRASKA PUBLIC SERVICE COMMISSION

APPLICATION NO. BR-320

PAGE THREE

In order to grant an application on an emergency basis, the applicant must show and the Commission must find that an emergency situation exists. The applicant represents to the Commission that it will be at a competitive disadvantage with regards to its Health and Human Services clients if the rate is not approved in light of the rate being raised by the Department of Health and Human Services to \$1.26 per mile effective November 1, 2006.

The Commission does find that the rural rates should be approved on an emergency basis due to the fact that the applicant will be at a disadvantage with regards to the Department of Health and Human Services if the rate increase is not granted. The Commission also finds that the proposed rates for the other parts of the application are reasonable and competitive and should be approved in this order.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective November 27, 2006.
