BY THE COMMISSION:

OPININON AND FINDINGS

On January 4, 2007, Visinet, Inc., Omaha, Nebraska, filed an application for authority to establish rates for its use in its operations as follows:

Description	Proposed Rates
Per Trip Rate	\$15.17
Per Mile Rate	\$1.26

Emergency action is requested.

Applicant is a certificated common carrier which holds Certificate B-1472. The certificate authorizes the transportation of behaviorally challenged children who are under psychological care, physical care, or both or who are diagnosed with mental illness and are of the age of no more than eighteen (18) years between points in Nebraska over irregular routes under continuing contracts with the Department of Health and Human Services, FHC Options, Inc., and Partners Network. Restriction: Transportation is restricted to the extent that the escort-drivers who provide transportation services are certified as Family Support Workers after required training by the Nebraska Department of Health and Human Services. Transportation services provided are restricted against the use of special equipment.

The Applicant is entering into a contract to provide transportation services with the Department of Health and Human Services that requires an additional rate to be added to the Applicant's current tariff. The rates requested are the rates currently used by the Department for payment to carriers. The Commission finds that the rates are reasonable and that they should be approved on an emergency basis so as to place the Applicant in a position to contract with the Department.
