In applications such as these, the Commission must find that an emergency situation exists. Such a situation exists in this application as the Applicant cannot charge the Department the new contract rate until such time as the Commission approves the proposed rate. The Commission finds that the Applicant will be disadvantaged as to the new contract if the application is denied on an emergency basis. The Commission also notes that the round trip charge will not be affected.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective April 29, 2011.
